

Spiritual Mind Treatment

A Spiritual Mind Treatment is affirmative prayer that declares our spiritual Truth. Treatment is always done in the first person and in the present tense, and its effectiveness depends upon both the clarity around mental causation and feeling nature behind the spoken word. The work of Spiritual Mind Treatment is done in the realms of mind and spirit.

If you would like more understanding about the principles of our teaching and how affirmative prayer treatment works to transform your life, without enrolling in a full course, we invite you to call a Practitioner and book a one on one session OR attend one of our complimentary Discovery Classes.

Please visit our website under *Caring Ministry* for further information or to book these Programs.

Spiritual Care Ministry

Our Mission

"To take the hand and touch the heart of another by remembering the Spiritual truth of their Wholeness"

As "Ambassadors of JOY" we offer spiritual support in times of challenge and change or simply a smile and a hug when needed the most.

Sometimes we forget and need someone to remind us of this Truth. We all commonly draw our source and supply from something greater that exists equally within us all.

Spiritual Care Ministry

The JOY of Life Centre for Spiritual Living is comprised of Ordained Ministers and Religious Science Practitioners. These caring, clear knowers of spiritual truth are available for affirmative prayer work and counselling.

Who You Gonna Call... EMS or SSS?

Spiritual Support Services

A trained Practitioner is often regarded as a first responder in personal crisis, stabilizing the emotional and mental state of the individual.

Ambassadors of JOY

Would you like to be an Ambassador of JOY? As a lay member of the JOY of Life Centre for Spiritual Living you can share your love and support through home/hospital visits, the delivery of JOY baskets or telephone check in calls.

This opportunity provides a means for community members to pay their blessings forward and experience a sense of sacred connection.
