Facilitated by:

Dr. James Golden, former President of International Centers for Spiritual Living and student of Don Miguel Ruiz

& Leslie Golden, a Practitioner of Religious Science who currently serves her local community as an EMT and a Shasta County volunteer fire fighter.

The program includes spiritual teachings and practices from a variety of spiritual traditions, as well as experiential activities that will support those who attend in deeply touching and renewing their inherent spirituality and deepening of their own personal spiritual practice. Each participant will be asked to take a vow of silence for the duration of the retreat and will need to have a personal journal. In order to gain the greatest insight into the patterns of the mind that hold us in bondage, each participant is encouraged to attend all sessions and participate fully in the retreat. The goal of the retreat is to create an environment and consciousness together that will allow us to step the limited dream of the planet that is based in limitation & ignorance, and to wake up to a greater embodiment of our oneness with God so that we can return to our lives renewed, reawakened and revitalized.

Coming Up for 2 Sundays in October & in November
Discovery Classes

If you are considering membership in our Centre, we ask that your intention be grounded in an understanding of the Science of Mind principles we teach and operate upon, and a financial commitment through our conscious giving program. In order to vision an ever expanding opportunity for others to empower their lives, we have come to see that although there are many reasons people partake in our events, classes and services, membership must be built upon a clear intention to participate in the growth of the greater good for all.

In this two part seminar, our Ministers, Board Members and Practitioners will share with you such information as:

Governance model and values of our community, our affiliation with International Centers for Spiritual Living; the importance of Spiritual Mind Treatment and tithing as a spiritual practice, opportunities for service, our outreach and inhouse programs and services and the vision for our Centre.

This Centre exists in prosperity and joy because of its dedicated members, on whose shoulders will stand generations to come. For this we give thanks.
