**Location: 1765 - 2 Ave NW**

**Facilitated by: Rev. Nadene Elizabeth Rogers**

This Workshop was initially conceptualized for the "Sisters of the Sun" Retreat created and facilitated by Rev's Nadene and Karen in 2001.

It was a creative undertaking that spoke back to each participant as they recorded their personal story in the making of their stick.

Each story and each stick are unique. The process of creating the stick is one of simplicity, using meditation and prayer treatment to reflect into the past, to visualize into the future and to be centered in the present.

The supplies provided are such items as feathers, beads, paint, leather, string, stones, things of the earth etc.

**YOU NEED TO CHOOSE YOUR OWN STICK AND BRING IT TO THE WORKSHOP.**

When the project is completed, you will have honored your path and you will be able to use this piece of art, not only in your home as an aesthetic touch, but practically during your meditation times to embrace who you are AND to remember that you are more than your story!
